Hi Roger and Dana,

Just wanted to thank you very much for sending such a great team over to move our office. Vincent, Jerimiah, and Fletcher were all great to work with and had really positive attitudes. They were very efficient and careful and had the job done in less time than anticipated. It was quite a relief to be in our new space before we opened this morning! Thank you for being so responsive on such short notice.

I know - this is coming from my personal address - unfortunately our internet provider wasn't as responsive and efficient as you are!
